Public Hearing Minutes

Wednesday, August 21, 2019 @ 10 a.m.

Lindley Town Hall, Lindley, NY 14858

Present: James Johnson, Steuben County IDA
Ron Mosher, Town Council
Earl Titus, Chair, Town Planning Board

The hearing was called to order at 10 am by Steuben County IDA Executive Director James Johnson who provided an overview of the project to those in attendance.

Earl Titus asked if this project would receive a new PILOT or have the existing PILOT extended?

Ron Mosher asked about the impacts the PILOT would have on the property tax cap calculations and asked the IDA to take any action they could to minimize the impact of PILOT's on the tax cap for the Town.

Discussion regarding the specific incentives offered ensued and Johnson explained that the PILOT's would be combined but no additional benefit would be received on the initial product.

The hearing was closed at 10:30.
